We strongly urge competitors to register on Saturday afternoon, so that you can orientate, ask questions and focus all your attention on race day to your race and not to last minute queuing.

For those of you doing open water swim sessions on the Saturday morning, you can pick up your race pack after your session.

At registration you will be issued with your race numbers, chip timer, T-Shirt and swim hat. **You will need a race belt or safety pins for your race number.** Race belts will be available to buy in

registration. Chip timers are to be worn around your left ankle. If you wear the chip timer in any other position we cannot guarantee that your time will be recorded. BTF members MUST bring their BTF membership ID with them to registration. Please note that only Ultimate and Core BTF memberships don't have to pay for a race license. Essential membership holders will still have to pay for a race license. Non BTF members will be emailed their race day license. Please bring some form of ID with you for registration. You will not be able to collect the race pack for another person without prior consent sent by email to: [admin@herculesevents.com](mailto:admin@herculesevents.com)

### **Parking**

Parking is free for all competitors and spectators on event day and our allocated parking area is in the top field. **On entering Merchant Taylors turn left, parking for the event is on the left in the top field, which will be clearly signed from the entrance.**

When entering or leaving Merchant Taylors please drive very carefully as there may be competitors on the road.

### **Bike Racking**

The transition zone will be available for bike racking from **05:30 on Sunday 2<sup>nd</sup> June only**. You will need to show your race numbers to gain entry into the TZ. You must have completed racking before your pre-race briefing, which is 06:45 (Standard & Middle Distance) and 07:25 (Sprint & Novice Distance) at the lakeside. If you do not attend the race briefing you will not be permitted to race.

### **Changing rooms and toilets**

There are excellent male and female changing rooms available at the venue with ample hot showers and toilet facilities. There are no lockers in the changing rooms. Do not leave valuables in the changing rooms. **Competitors who do, will do so entirely at their own risk as the event organisers have no control over security in the changing areas.**

### **Swim course**

You must be changed and ready at the lakeside for your allocated pre-race briefing. You will be given time to get into the water and adjust before the race begins.

This is an Open Water Swim Race in a fresh water lake. You will enter the lake using the grass bank at the bottom of the lake.

There will be a mass start. Those who are new to Open Water Swimming are urged to start at the rear or to the sides of the group. The swim course routes can be found here:

### **Transition zone (TZ)**

On entering the TZ you will proceed to your numbered rack. Standard BTF rules apply. No electronic music devices or phones are permitted to be used in the TZ. Your race number must be clearly displayed. Breaches of these rules could lead to time penalties or disqualification. A BTF race official will be present in the TZ.

Follow the directions of the marshals to the “mount/dismount point”.

On race day the transition zone will be open from 05:30 for you to set up your transition area. Keep your area clear in the interests of safety and other competitors.

### **Cycle Course**

This is an open road event. **YOU MUST ABIDE BY THE HIGHWAY CODE AND KEEP TO THE LEFT AND GIVE WAY WHERE REQUIRED.** Breaches of the Highway Code may lead to your disqualification.

The bike leg will be conducted on open roads, it is an out and back cycle course. Once you leave Merchant Taylors and go on to the open roads, you will proceed out along the marked course and return down the same route back to Merchant Taylors and Transition. Please study your cycle route carefully. As with all BTF sanctioned events **it is your responsibility to know the route.**

Your cycle route directional signs will be high visual yellow, with a black arrow and an orange circle.

On completing the cycle leg, you will dismount at the dismount point which is clearly marked before you reach transition. You will then enter transition and you must not remove your helmet until you have racked your bike. Then proceed to the ‘Transition’ out point and begin your run.
